

U.S. Mid Continent Launch Date Extended

August 5, 2008

The revised date for the launch of NGPL TXOK East, PEPL, and Northern Demarc has been extended to August 18th. This extended date will allow for additional development in Portfolio configuration on the ICE application.

If you should have any questions regarding the launch or set-up for these locations, please contact NGX U.S. at 281.720.0515, or 403.974.4357
